THE DAILY NEWS.

THE SOLDIER'S GRAVE.

He sleeps—the burning breath of war
No more shall wave his purple plume;
No watching by the midnight star
Shall chill the warrior's youthful bloom.
He sleeps—the hour of mortal pain
And mortal pride alike are past;
His blood is scattered on the plain,
His cheek is withering in the blast.

A thousand storms may wander there,
May swell a thousand battle's cry—
For earth he has nor eye, nor ear;
Pain, pleasure, glory, press him by.
He sleeps, the brother of the worm,
By thunder and by trump unmoved;
And is this frail and faded form
All that is left of him we loved?

No!—mourner kneel and weep no more—
That faded form is not thy love
Its hour was come, its course was o'er,
The spirit winged its way above.
And would'st thou for his glory weep,
And grieve him with an idle tear!
Love was not made in tombs to sleep,
See yonder heaven!—thy love is there.

THE BURGLARS.

(Concluded.)

The Tinker said nothing, but fumbled at the lock, and put in one of the keys. The bolt of the lock turned slowly. He took the knob in his hand, and endeavored to open the door.

"It's bolted on the inside, by—" he exclaimed he, in a whisper. "He was to have drawn the bolt back."

"D——!" exclaimed Roke. "Ont with your drill—here a hole, and saw out the bolt; quick! there's no time to be lost."

As he spoke, however, the Tinker made another trial, and this time the door, which had only been swollen by the rain gave way.

"It's open; come on, quick!"

Roke spring up the steps, entered the house, and shut the door.

"Have you got the lanterns, Tinker?"

The other man made no reply, but produced two lanterns. Forcing back the slides, they lighted them with a match, and held them up to look about them.

It was a large hall, and at the far end of it was a wide stair case leading to the upper stories of the house.

"I'll get the plunder," said the Tinker. "You go and watch the girl. If she wakes, don't let her yelp. If she will, just cut her throat."

"Where's her room?"

"Back room, third story; the door ain't locked; take off your shoes."

Slipping his shoes from his feet, and taking a pistol and knife in one hand, and a lantern in the other, he stole up the stairs until he came to the girl's bed-room. He paused and listened. All was quiet. He touched the door, and it yielded. All had been prepared beforehand. Sliding the shade over the light, he crept noiselessly in the room, carefully feeling his way with his hands. The deep, regular breathing of the girl told him where she lay. He approached as near as he dared, and then stopped and listened. All was quiet below. The Tinker was conducting matters below with the utmost silence. Roke removed the slide by degrees until the lamp poured a flood of light through the room. He held

up the lantern so that he could see her face. Still the girl slept. She was about nineteen, and exceedingly beautiful. Her hair had escaped from her cap, and hung dishevelled about her neck and over a round white arm which lay across the pillow, exposed almost to the shoulder. As the robber stood there with his implements of plunder and bloodshed in his hands, how strange that such a scene of innocence and quiet should not have kindled other feelings than those of passion and crime? Yet so it was—the burglar was a victim to a sense of deeper guilt than the thought of robbery had ever brought. While the most infernal thoughts were passing through his mind, a slight noise which he made awakened the girl, who started up and gazed wildly about her. The next instant she was hurled violently back on the pillow, with the hand of the robber over her mouth.

"One cry, and you die!" he hissed in her ear. "If—"

He stopped, for at that moment a sharp stifled cry came from the upper passage;—there was a violent struggle,—a heavy fall followed; then came the voice of the Tinker, muttering and blaspheming—the tramp of struggling men. The next instant, the burglar burst into the room, his clothes half torn from his back, his face covered with blood, his eyes blazing, a knife in one hand and a crow bar in the other.

"Blown, by——!" exclaimed he. "Roke" your pistols! the beaks are upon us!"

Before he spoke, however, Roke had sprung to his arms. As he did so, a man rushed into the room; Roke fired, and the man fell;—another sprang in—another, and another.

"Dowse the glim!" shouted the other robber.

Roke seized the lantern, but as he did so a bullet struck him, and, bounding almost to his own height, he fell dead.

"D——you!" cried the Tinker, aiming a blow at the man who fired the shot you'll find your match yet.

Wielding the crow-bar with both hands, he fought his way through the assailants. They hung on him, grasping his arms, but he shook them off. They seized him by the hair, clothes, legs, but on he went, forcing a path, treading them down, stamping in their very faces, and crushing flesh, bones, eyes, and teeth beneath his heavy heel.—Shots were fired, blows aimed, stabs made, but out of that room, down the stairway, through the dark passage, fighting, tussling, blaspheming, he dragged them all, until at the very street door, he broke from their grasp,—and dashing out, covered with blood—his hair torn out at the roots, and half his clothes dragged from his body, he escaped to his den.

"The Tulip" had blown!

A soldier just returned from the camp on the Rio Grande, furnishes the following as the manner in which a Dutchman who was on sentry duty, proclaimed the hour. The usual cry is "half past ten o'clock and all's well." The Dutchman had forgotten the precise words, and sung out at the top of his voice—"More as den o'clock, and all ish better as good."

NEWPORT DAILY NEWS.

MONDAY, NOVEMBER 16, 1846.

FIRE.—The shoe store of Isaac Bowen, No. 159 Thames-street, was discovered on Saturday night about 11 o'clock, to be on fire. The cry of fire! fire! was immediately sounded through our streets, and had it not been for the promptness of our firemen, and the indefatigable exertions of our citizens generally, the fire must have been very destructive. The building was saved, though Mr. Bowen's entire stock, worth about \$1600, was destroyed. He was insured for \$800, at an Office in Providence. The origin of the fire is not known, but it is supposed to have caught from the stove.

STEAM BOATS.—The Oregon ran her last trip from New York, for the season, on Thursday night. The Governor is to take her place, and the Massachusetts will also be on the same route.

DEMOCRATS OF CONNECTICUT.—The Democrats of Connecticut have nominated Thomas T. Whittlessey, for Governor; and Hon. George S. Catlin, for Lieut. Governor.

THE NEW YORK HERALD.—The New York Herald, of Friday, publishes a complete list of killed and wounded, in the battle of Monterey.

CORN.—We stated in our paper of Saturday, that corn could be bought in Jackson county, Mo., for fifty cents per bushel—it should have read fifteen cents, for that is what it is selling for there now.

THE MONTREAL HERALD.—The Montreal Herald says;—We learn that several bodies of troops now serving in Bermuda and at Halifax, are to be sent home, immediately. The unsettled condition of Ireland is supposed to be the cause of these movements.

EXPLOSIVE COTTON.—The explosive cotton has been tried at Washington, with entire success.

A NATURAL CURIOSITY.—The editor of the Louisiana Chronicle has seen a full-fledged chicken, which had four legs, four wings, two heads, and but one body.

MORE MURDER.—In an attempt to arrest 15 or 20 runaway slaves in Louisiana, one man and one woman were shot, and two women wounded. The rest escaped. The coroner held an inquest on the bodies. Verdict, "died of gunshot wounds."

IT IS STATED THAT IN BELGIUM, 200,000 people have been thrown out of employment, by labor saving machines.

CAUTION.—Never enter a sick room in a state of perspiration, as the moment you become cool your pores absorb. Do not approach contagious diseases with an empty stomach, nor sit between the sick and the fire, because the heat attracts the thin vapor.

A STRANGE AND DISTRESSING DISEASE of the eye prevails in some portions of New Jersey. The Jersey City Sentinel says:

Its approach is very insidious, generally attacking its victims in one corner of the eye, indicating its design by a tickling or itching sensation, sometimes accompanied by extreme pain, causing weakness within, and inflammation without, frequently closing the eye-lids so that the sufferer is unable to discern any object. The victims of its prey are scarce aware of its approach—so rapidly does it advance—before they find themselves almost totally blind.

WE UNDERSTAND THAT THE REV. MR. BREWER has accepted the call from Trinity Church, in this town, and will enter on his duties about the 1st of December. —*Mercury, of Saturday.*

GEN. JACKSON AND CAPT. FATIO.—An exchange paper relates the following of General Jackson and Captain Fatio, late of the Revenue Service:—"The Captain Fatio, who was lately dismissed from the service, as Commander of the Revenue Cutter Woodbury, in consequence of putting into port to avoid a gale of wind, he having a Government Agent on board, charged with important despatches for Vera Cruz is the same person who obtained office from General Jackson, in a rather singular manner. Having been dismissed from service by John Quincy Adams, he laid his complaint before the new President immediately upon his accession to power. The General, as he alleges, promised to reinstate him, and put him off from day to day, until at last, incensed by the untiring importunities of the little Captain, the old Hero sprang to his feet, and swore 'by the Eternal,' if he did not desist, he would throw him out of the window. The words were likely to be followed by the action, when Fatio, distending himself to his utmost proportions, exclaimed, 'Try it, you d—d old tyrant, and I'll run you through!'"

The General was so much astonished at the fellows coolness and courage, that he sat down and wrote out his commission at once."

A MAN NAMED JOHN HENRY, recently died in the poor house, at Trenton, N. J., who once owned one third of the land upon which Trenton now stands.

ENGLISH METHODISTS.—The Church of England Quarterly Review, publishes a statement, from which it appears that the Wesleyan Conference territorially covers every parish in England, with 1,685 ministers and 15,000 local preachers.

ODD FELLOWS.—The Lodges throughout the United States and Canada have increased during the past year to 992. The number of new initiations were 32,316. The revenue of the Subordinate Lodges during the year has been \$703,205 40. The number of contributing members at present connected with the Order is 90,753. For the relief of brethren the amount paid by the various Lodges, has amounted to \$151,237-62 since the last annual report, and for the relief of widowed families \$15,686 12.

BAPTIST MISSIONS.—Rev. Mr. Ingalls, of Burmah, in a letter dated Arracan, June 23, says—

"I cannot close without expressing a devout wish that this mission might be cherished by the board and the churches. The Catholic Bishop visited this place a short time since, and said, on leaving, 'that he would have a mission here, if he had to go to Rome for the priests.'"

HOW THEY ARE GOING IT!—The Lowell Courier says—

"Our city authority will have to enlarge the 'publishing box' in the city hall. We understand that there are forty-four publications now up. The boxes only hold forty, the consequence is that four of the parties have to remain outside of the boxes. 'This fact shows how fast our city is growing.' We believe it is only a year or two since the publication box was materially enlarged, but the taste of our people for getting married outruns the boundary of boxes."

FOR THE ARMY.—The ship General Washington sailed on Thursday for Brazos St. Jago, says the Alexandria Gazette, with a cargo of upwards of 30,000 bushels of oats, 350 bales hay, and 1,000 barrels of bread, together with other "entertainment for man and horse," destined for the army in Mexico. The Washington has also on board a number of kegs and jars of preserves, pickles, &c., for the invalid soldiers on the Rio Grande.

HOW STRANGE.—The Boston Bee says, the third meal is called supper in New Brunswick.

INDIAN WAR.—The intelligence recently received from different sections of the frontier, says the Houston Telegraph, indicates but too plainly that another Indian war is about to be kindled with several of the prairie tribes. The Wichitas have commenced hostilities in Fannin county, on the extreme northern frontier, and the Wacoos and Tonies have also showed symptoms of hostility. The Towacconies and the northern bands will probably soon be found acting in concert with these treacherous tribes.

BIBLE DISTRIBUTION.—The largest issue of the word of God ever made in one month by the American Bible Society, was made last month, and this month's issue would have exceeded the last, if all orders could have been answered. Though the hands have been increased, and work till 11 at night, the demand is much in advance of the supply. Seventy-five thousand copies of the Bible and New Testament were issued in the month of September, which added to the issue from other sources must reach near one hundred thousand.

MEMORANDA.
Sloop Leader, Riley, of and from Newport for Jamaica, put into Nassau, N. P., October 26th, in distress—was dismasted in a gale on the 18th.

From the Boston Daily Star, of Feb. 10, 1846.
SOMETHING NEW.—No small excitement has existed among the nice young men, and the bald-pated old men, lately in consequence of the advent of a new hair liquid—Bogle's Hyperion—which is said to be voted, by the knowing ones, the *ne plus ultra* of all hair improving inventions. We have received from Mr. Bogle a sample of this novelty, and feel very much disposed, even on so short an acquaintance, to fall into the tide of praise which is setting towards it. We have given our pate a soak, and after due repetition, shall be able to speak more definitely of this important matter. We believe it is first rate,—but you can decide for yourself, by calling on Mr. Bogle, and trying it.

CAUTION.—The public are particularly cautioned against purchasing imitation articles pretending to have the same effect as Brown's Sarsaparilla and Tomato Bitters. Never buy the Sarsaparilla and Dandelion, Panacea, Kitzreige's Tomato Bitters, nor Extract of Sarsaparilla, Tomato, and Dandelion, or any other preparation with the expectation of getting the genuine *Brown's Sarsaparilla and Tomato Bitters*, which are prepared at his Medicine Store, No. 68 Washington street, Boston. These Bitters are the first preparation of the kind that was ever sold, and they are the only genuine article of the kind now in the market. Always see that the direction is signed *Frederick Brown*, in his own handwriting. Who ever heard of a man's counterfeiting a bad bank note, or one that would not pass? Just so it is with medicine: they always counterfeit that which sells.

All orders for *Brown's Sarsaparilla and Tomato Bitters* directed to *Frederick Brown*, the proprietor, No. 68 Washington street, Boston, will be attended to punctually. Bitters securely packed for shipping. None genuine unless signed *Frederick Brown*, on the wrapper. Nov. 13.

Dr. Banning's Patent Body Lacc, For Weakness of the Body.

The following letter is submitted to a discerning public, and the proprietor is enabled to refer to many individuals—whose testimony will satisfy the most incredulous. Be particular and get Banning's Lacc, and be put off with nothing else.

WARREN, August 22, 1846.
Dr. Boardman.—Dear Sir:—Now being about leaving for home, I am able to give thus far a favorable account of the Lacc which I have worn only four days. For more than four years I have suffered greatly from dyspepsia, that scourge of our race. My food has always been so troublesome that my stomach would reject it almost every day—my bowels always constipated—my head always feeling heavy and unpleasant, and my spirits greatly depressed. I was unfitted for any regular business, and till I saw you, I had given up the hope of ever being better. I had consulted many physicians and in Boston, those the most celebrated, and spent nearly all the money I could earn upon them and medicines. Since I have worn the Lacc, all these symptoms have in a great degree vanished, and now, it seems to me, I shall be well again. I find my body regaining its erect position—the spitting up my food is pretty much over, my spirits and energy are returning, and I feel like a new man.

CLOTHING. CLOTHING.
 Large enough for the largest man, and small enough for the smallest boy.
 We warrant men a perfect fit.
 That's not the most successful hit?
 For with their matchlessness of cut,
 Far more celebrity we've got;
 Small gain on one alone we reap,
 But here's our motto—"we sell cheap."

OREGON CLOTHING WARE HOUSE,
 Corner of Thames & Franklin Streets.
 May be seen the largest and most splendid assortment of Ready Made Clothing ever offered in the town of Newport, at prices which cannot fail to suit, and a little superior and cheaper, than at any other similar establishment in the town. These goods cannot be surpassed, if equalled, for neatness, taste, elegance, and durability. This well selected stock was bought on the cash system, and can and will be sold cheap. Come now all ye, while the doors are open unto you, and be clothed from the crown of your head to the soles of your feet.

Among the above named articles may be found
Coats,
 Which dignify the human form—
 As beautiful as they are warm,
Pilot Coats.
 They cost mere nothing, and so stout,
 It takes you years to wear them out.
Bever and Broadcloths.
 They seem forever fresh and bright,
 And give the wearer great delight.
Dress Coats,
 Cut, pressed, and made in tasty manner—
 They win the envy of the scanner.
Pantaloon.
 Fine stitches, lightly drawn, and strong—
 The reason why they last so long.
Vests and Scarfs.
 There's nothing can adorn the breast.
 So well as can a handsome Vest,
 But what's a Vest without a Scarf?
 It's like a smile without a laugh;
 It loses half of its expression.
 No man should think of such aggression.

Also may be found Collars, Roscons, Shirts, Handkerchiefs, Gloves, Suspenders, Hats, Caps, Boots, Shoes, and all other articles generally worn by the Male part of the community. Don't forget the Oregon Clothing Ware House corner of Thames and Franklin Streets.

Genuine Bear's Oil—Highly Perfumed.—Perhaps our ladies and fashionables are not aware that three quarters of the 'Bear's oil' (so called,) with which they anoint their locks, wondering that it does them so little good, is nothing in the world but hog's lard, so highly scented as to escape detection, save on close examination. This, however, is simply the fact, and one that ought to be known. The only safe way is to purchase your Bear's Oil of HENRY JOHNSON, who gets it direct from Canada, and the North Western territory, and who never sells an ounce until he knows it to be genuine. The real Bear's oil is a wonderful beautifier and strengthener of the hair, and should be used by every one desirous of beautiful locks.

Bogle's Hyperion Fluid; Or Vegetable Hair Composition.

THE subscriber has been induced to bring this article before the public, at the request of his numerous customers, among whom are physicians and citizens of the first respectability, who have adopted its use in their families, and wish others to participate in its advantages.

The Hyperion is composed of vegetable ingredients, the secret of compounding and blending which is known solely to the subscriber. It is an article in which a cleansing and purifying wash is beautifully blended with a most delicate, silky and glossy moisture never before attained, yet free of animal grease or essential oils. It cures the pores of the skin, causes a healthy action in the blood vessels, nerves, &c., which feed the hair, thereby preventing BALDNESS AND GREY HAIR. It entirely frees the skin from Scurf, Dandruff, and other cutaneous diseases, disposes the hair to curl, and changes the hardest hair into the most soft, glossy, and healthy state, also imparts to it a darker color, and the free use of it, both on the skin and hair, in a most healthy and luxuriant state until the latest period of life.

Ladies will find the Hyperion a great addition to the toilet, both on account of its delicate and agreeable perfume, and the great facilities it affords in dressing the hair, which, when moist with the fluid, can be dressed in any required form, so as to preserve its place, whether plain or in curls.—When used on children's heads, it lays the foundation of a good head of hair.

Manufactured and for sale by WM. BOGLE, 228 Washington, corner of Summer street, Boston. Sold in Newport by R. J. TAYLOR.

A Treatise on the Anatomy and Physiology of the Hair, with directions for preventing baldness, removing dandruff, and preserving the natural beauty and softness of the hair, by WM. BOGLE, accompanies each bottle. Aug. 21—1y.

DR. BANNING'S PATENT LACE.

An immediate Relief to Incipient Consumption, the Bronchitis of Public Speakers, Palpitation of the heart, Dyspepsia, Spinal Weakness, Piles, Protrusion, and Diseases of Women, without Medicines.

THIS instrument has been examined by Drs. Mott, Rodgers, Francis, and Griscom of New York, the faculty of Pittsburgh, Hartford, New Haven and Middletown, and has obtained for itself their favorable testimony. The following will show what kind of testimony might be produced in many cases:

Middletown, June, 25th, 1843.

Dr. Boardman,

Sir—In answer to your inquiry respecting my case, I will merely say, that I have been sick since I strained my breast and loins in May, 1836, from that time continued to grow worse, when in the fall of '39, I abandoned business, and have not done any thing since. I suppose from all I could learn about my case—frequently raising blood, coughing very hard and expectorating profusely, deriving no benefit from my physicians, and all medicines recommended to me, that my case was hopeless. Last winter my brother told me he had heard a good account of Dr. Banning's Lace in such cases, and was anxious that I should try it; accordingly I procured one from you, and since I began to wear it, my breathing, which was very short and laborious, has become easy and natural; the pain and fluttering or palpitation of the heart has subsided; cough and expectoration greatly lessened, my limbs which were exceedingly painful have become useful, so that I can walk comfortably. I am able to shave myself with comfort, which for many years I have not been able to do. The piles, which have troubled me for nine years, are nearly eradicated. I work some in the garden, and am able to ride 4 miles at once with pleasure and benefit. Yours, &c. WM. RANNEY

Dr. G. M. Boardman,

Middletown, June 25, 1843.

Dear Sir—In answer to your inquiries respecting the effect of Dr. Banning's Lace in the case of my wife, I will state that for twenty years past, she has been afflicted with a complication of complaints to which females are subject. She has tried all the physicians and all the medicines recommended for such complaints, without regard to expense, and found only temporary relief. Her most distressing complaints, palpitation of the heart, oppression and a sense of great weight at the pit of the stomach, prolapsus of the womb, &c., were believed after wearing the lace two hours, and she has continued to improve daily. With this view of the case I cannot use language strong enough to convey my approval of the instrument. aug. 29th.

PROVIDENCE, Feb. 26, 1846.

Doctor Boardman, — Dear Sir—I now take my pen to inform you that my wife's health has improved very fast for the last two weeks from wearing one of your Laces. She has been out of health about two years and has worn a different Supporter from yours, which had only two pads. She received some benefit from that—but it would not produce a cure. But now I can say with pleasure that she is as smart as any of the young girls in the neighborhood. She can now run up and down stairs as fast as I can, and I feel so well pleased with it that I hardly know how or what to write. But one thing I do now, that she has been under the care of seven Doctors in one year—and wearing your Lace two weeks has or will do the cure in a very short time. I want to write more, but I have no time. I am truly, your friend and well wisher, J. * * *

Doctor Boardman, proprietor of Bannings celebrated Patent Body Brace, for this state, has taken rooms at No. 8, Broad street, where he may be consulted, free of charge. He is enabled to treat, successfully, cases of Rheumatism, Neuralgia, Headaches, Deafness, loss of Voice, Bronchitis, Weakness and curvatures of the spine, and chronic diseases generally. He is enabled to refer to numerous cases in Providence, and this town. aug 28

PEACH, Rose, and Orange Flower Water, in large or small quantities, at R. J. TAYLOR'S.

June 30.

From the Brooklyn Daily Advertiser.

A BEAUTIFUL YOUNG LADY residing in W. street in this city, has received great and unexpected benefit from the use of that excellent specific **RADWAY'S CHINESE MEDICATED SOAP**. Some few weeks since, she was on a visit to some of her relatives in South New Jersey, where she was very severely bitten by mosquitoes, being at the same time very much exposed to the scorching rays of the Sun, she experienced great pain, and irritation from the effects of the mosquito, and much annoyance from the unnatural darkness of her tanned complexion. We recommended her to use that excellent Medicated Compound, **RADWAY'S CHINESE MEDICATED SOAP**, she complied with our request, and in three days there was not a single spot, blemish, pimple or blotch left upon her skin, and her complexion is now as fair as the lily.

Ladies, secure without delay a cake of this inestimable Soap, it will purify your skin, improve your complexion and remove all disfigurements entirely from the surface of your system. Price 12, 12 cents per cake. Sold in Newport by R. J. TAYLOR, Agent. Aug 7

It is now about ten years since this medicine has been introduced to the public, and it stands unrivalled in its effects, bearing the test of the severe scrutiny of all classes, both friendly and unfriendly. It is but for one purpose;—for the use of Mothers who have to pass through a sea of affliction in giving birth to mankind, not to be described: It is to you we make an appeal. It is for your special and general good that you should make use of one bottle of the **MOTHER'S RELIEF** before confinement. Then you can approach the parturient chamber without feeling as if you were going to the chamber of death. You may rest assured it will still all fertile and nervous affection. It soothes and shields from irritation and by its peculiar properties it destroys the cause of hemorrhage or inflammation that so often attend and follow the hour of parturition. It causes sweet and natural rest, and at last facilitates the birth, so that Mothers have not to pass through such excruciating pain and distress. The Mother's Relief may be depended upon in all cases of threatening abortion where it is possible to be prevented in cases of Spasms, &c., causing frequent alarm, from two to three doses will give immediate relief.

As the subject is one that cannot with propriety be fully discussed in this public manner, we invite all who feel interested to call on our agents (most of the respectable Druggists in the United States,) or on the manufacturer, and they will be furnished with a pamphlet in which they will find all the facts to form a correct opinion of its merits, and also the opinions of many physicians of eminence, and of persons who have become acquainted with its beneficial effects.

CAUTION TO PURCHASERS.—Ask for Bannock's Mother's Relief. None is genuine unless our signatures are found within the wreath of the direction that is pasted on the bottle, signed with our own hand, and over the neck of the bottle is a facsimile of our own hand writing also. By attending to the above directions, no one need be imposed upon. All orders will be promptly attended to. DR. G. A. BARTHOLOIC.

LORRAINE'S PILLS

Persons requiring Facts, read THE DR. LORRAINE'S CURATIVE SYSTEM OF MEDICINE is rapidly producing achievements never before known in the cure of diseases. The immensity of its wonderful results, alone demonstrate that its principles must be founded on truth. The relative proportion of Cures by this Medicine is out of all proportion greater, than by any other Medicine known.

THE THEORY is, that one blood beats in the bosom, and flows through the body of every man, and must be pure, it is the Vital Principle that sustains life.

Physicians, and people of every class are willing to come forward and announce, in the most public manner that they have been cured of long standing complaints—after another medicines had failed. In fact there can be no doubt but that Lorraine's vegetable Pill is the best medicine ever offered to the public.

See a few public statements of men of truth and virtue.

Lynn, Dec. 17th, 1843

Sir: I have sold all the pills I last had of you, please send another lot immediately. The sale of Lorraine's vegetable Pills is rapidly on the increase, they are becoming very popular. I sell more and more every day. As a curative medicines and purifier of the blood, I think they stand unrivalled. One fact I have noticed, that no one that has used them finds any fault with them; they have wrought some very great cures. One lady, who has been confined to the house and bed, a great part of the time, for twenty years, is now cured and able to work most of her time, after having taken 3 boxes only of Lorraine's Pills! I might name many other cases where the cures have been as great, but have not time. Yours respectfully, J. E. P. MARSH.

Portland, Me., Nov. 7th, 1843.

Sir: Please send us one gross of Lorraine's Pills, we have sold all we had last. They have given very good satisfaction, better than any other pills which we have in our market. I think in a short time they will take the place of others. We have had no fault found with them whatever; but, on the contrary, they have been praised highly. I think we could have quite a number of highly respectable certificates from our citizens. Yours respectfully, E. MASON.

Chelsea, Jan. 3d, 1844.

Sir: I transmit to you an account of my case for publication, believing it to be my duty. I have been confined with the Rheumatism nearly the whole winter, have had some of the best physicians of Boston and could get nothing that would relieve me more than temporarily. I heard of the wonderful virtue of Lorraine's Pills; I had no faith whatever, but I took them, and it is a solemn fact that when I had taken but *eight pills* my Rheumatism had entirely left me, and I have remained well ever since.

N. B. I never took more than one pill at a time and that on going to bed.

Yours respectfully, W. M. HALSTAD.

OPINION OF A SKILFUL PHYSICIAN. Sir, the operation of Lorraine's Pills is past any philosophy to find out, how so small a Pill can produce such wonderful effects. I find that one of them will operate more than 3 or 4 of any other Pill, yet in their operation, mild, gentle and comforting. On this account, they are more than 100 per cent, cheaper, as physics, than any other Medicine I know of.

These Pills are now acknowledged by thousands who take them daily, to be the only medicine that fairly takes the Banner from all others. This extraordinary medicine has actually done wonders within one year past. They cause no pain or uneasiness of any kind in their operation, and require neither change of diet or care of any kind.

The attention of the reader is respectfully called to the important results from the use of these Pills. It will be seen, however great achievements have heretofore been made by the use of this invaluable medicine, still greater and more remarkable cures daily happen.

PILOTAGE.

THE subscribers respectfully inform the public, that they are in constant attendance as Pilots on this Coast and Bay, and by their long experience in the profession, which is well known to merchants and mariners, gives them advantage over those persons who have lately intruded themselves into the profession, without practical experience or skill, and are constantly endangering the lives and property entrusted to their management.

We trust that this notice will be suitably appreciated by all masters and owners of vessels, who have a due regard to their own interest and security.
